

AMENDMENT

Listing of the Claims:

This listing of claims will replace all prior versions and listings of claims in the application.

- 1-9. (Canceled)
10. (Currently Amended) The composition of claim [[9]]21, further comprising an oxygen-sequestering substance.
11. (Previously Presented) The composition of claim 10, wherein the oxygen-sequestering substance comprise an oil-containing substance.
12. (Previously Presented) The composition of claim 11, wherein the oil-containing substance comprises at least one further antioxidant C.
13. (Previously Presented) The composition of claim 12, wherein the antioxidant C comprises vitamin E.
14. (Previously Presented) The composition of claim 13, wherein the antioxidant C comprises tocotrienol.
15. (Currently Amended) The composition of claim [[9]]21, wherein antioxidant A and antioxidant B are in a ratio of between 10:1 and 1:10.
16. (Currently Amended) The composition of claim [[9]]21, wherein antioxidant A and antioxidant B are in a ratio of between 3:1 and 1:3.
17. (Currently Amended) The composition of claim [[9]]21, wherein antioxidant A is further defined as NADH.
18. (Currently Amended) The composition of claim [[9]]21, wherein antioxidant A is further defined as NADPH.

19. (Currently Amended) The composition of claim ~~[[9]]~~21, wherein antioxidant A is further defined as NADH ~~and antioxidant B is further defined as chlorophyll.~~
20. (Canceled)
21. (Previously Presented) A composition comprising:
at least one antioxidant A having a redox potential of below -180mV, the antioxidant A further defined as NADH or NADPH; and
at least one antioxidant B that stabilizes antioxidant A and has a standard redox potential below the standard redox potential of antioxidant A, the antioxidant B further defined as a chlorophyll.
